

## THE NATURAL GLASS CORVETTE ASSOCIATION

OPEN CAR SHOW JUDGING CRITERIA

Dear Show Car Owners,

On behalf of the Natural Glass Corvette Association, welcome to our show! We appreciate your participation in our event. We know that you have spent a lot of time and energy in preparing your car to be judged. The purpose of this letter is to inform you on how your car will be judged. We want to be as fair as possible when it comes to examining each car in each class. The fact is our judges have participated in classes to ensure as much consistency and fairness as possible.

**ON PAGE 2 ARE THE CRITERIA OUR JUDGES WILL USE IN EVALUATING YOUR VEHICLE.**

***We do not judge on originality or correctness.***

Each class will be assigned to, and judged by, a team of trained judges. They are responsible for inspecting the exterior, engine compartment and interior. Each section is worth a specific number of points. The same judges will judge each car in your class. This keeps the judging consistent within classes.

**You must be present when your car is judged.** We will not touch your car. We will ask you to open doors, hood, trunk, etc. If we can't see it, we can't judge it. We do not inspect undercarriages. However we will inspect areas that are clearly visible, i.e. easily seen brake components. Front bras should be off, convertible tops up, windows up and trunks emptied. A colored dot will be affixed to your windshield display form indicating the car has been judged.

**JUDGES' DECISIONS ARE FINAL**

We hope this explains our judging system. If you have any questions, come to the Club Desk or see one of the club members in the teal shirts. Good luck and enjoy the show!

Thanks for coming.

*NGCA Open Car Show Judging Team*

**NATURAL GLASS CORVETTE ASSOCIATION  
JUDGING CRITERIA**

<i>Exterior</i>	<i>Engine</i>	<i>Interior</i>
What we look for:	What we look for:	What we look for:
